Sir,

I have the honour to inform you that no orders have yet been received in regard to our Shivaram Petta Boys' School I need not go into the history of the case which is well known to you Some years ago at the time of the Installation of H H The Maharajah, Government promised to improve and renovate the whole Building Then His Highness proposed its demolition and offered to give us a new site Subsequently the Government passed an order for its acquisition fixing the amount of compensation to be paid in addition to a new site This order was last year rescinded and in consequence of the great inconvenience we had been put to and the fact that during these lengthened negociations the property had considerably deteriorated, you kindly promised that Government would undertake the thorough renovation of the Building

We are anxious to put the place into a thorough state of repair and also to enclose and roof in the yard in the rear for class rooms which are greatly needed We estimate that this will cost at least Rs2000 We should also like to improve the front and ornament the long south wall, thus breaking the monotony of the long frontage facing the Palace This cannot be done under Rs1000 I therefore beg you will be kind enough to sanction a grant of Rs3000 for this purpose With this amount we shall be able to renovate the Building and at the same time will endeavour to make it more worthy of the site it occupies

I have the honour to be

Sir

Your most obedient servant,

George W. Sandman
